2022-29

Dear Log Yard Customer:

This letter is friendly reminder that on July 1, 2022 log yard handling rates will be increasing by 5.4%. A second rate increase was previously conveyed in the 2022 Rate Letter dated October 18, 2021. Rate schedule is attached appendix A. All handling rates include, but not limited to, rafting, round booms, container loading, throughput, truck load out, dewatering and truck scales.

In addition to the handling rate increase July 1 the Port will implement a fuel surcharge commencing June 1, 2022. This is in response to soaring fuel costs and resultant increased Port expenses to handle logs. In October 2021 when the Port developed its 2022 Operation Budget fuel prices were \$3.00/Gal for dyed # 2 diesel and at the end of April 2022 were charged \$4.75/Gal. The Port is unable to absorb these additional costs and will be passing them onto the customer. Future adjustment will be made to this fuel surcharge as prices fluctuate and calculations are incorporated for May.

Fuel Surcharge June 1, 2022

- Log Yard \$2.50/LD

The Port values the business of all its customers and, will continue to make every effort to balance all future adjustments while providing the highest level of customer service.

If you have questions or comments concerning our operations, please feel free to contact Chris Rasmussen at (360) 417-3446.

Sincerely,

PORT OF PORT ANGELES

Chris Rasmussen
Public Works and Operations Manager
